

## 2018-19 Team Apparel Ordering Information

All team members are required to wear a team softshell jacket during training sessions (weather permitting). This will make our teams more visible and allow coaches to more easily identify team members on the slopes.

Our line of team clothing also includes quality fleece and hardshell options that have been selected to allow layering for all weather conditions at a reasonable price. For your convenience, team apparel is sold by our approved embroidery vendor, Needle in Motion, located in Arnold.

Bear Valley provides complimentary embroidery on the required softshell jacket. Your softshell may be personalized with your name for an additional \$10.00. Embroidery on optional clothing items is the responsibility of the purchaser. Please avoid the rush and **order your clothing items early**, before ski season begins.

### Instructions
